Re: Application of Business Automation Technologies, Inc. d/b/a Data Network Solutions for approval to offer, render, furnish or supply telecommunication services as a Competitive Local Exchange Carrier to the public in the service territories of Verizon Pennsylvania Inc and Verizon North Inc. in the Commonwealth of Pennsylvania

Dear Ms. Rule:

By Order adopted October 9, 2008, at Docket Nos. A-2008-2054592 and A-2008-2054593, the Commission approved the applications of Business Automation Technologies, Inc. d/b/a Data Network Solutions (Company) to operate in the Commonwealth of Pennsylvania as a Competitive Local Exchange Carrier. In order to receive a certificate of public convenience to provide this service, the Commission directed the Company to file an initial tariff containing the revisions provided in Appendix A of the Order. On November 18, 2008, the Company filed Tariff Telephone-Pa. P.U.C. No. 1 with an effective date of November 20, 2008.

This letter is to notify you that Tariff Telephone-Pa. P.U.C. No. 1 has been permitted to become effective on November 20, 2008. This permission does not constitute a determination that the tariffs are just, lawful or reasonable, but only that suspension or further investigation does not appear to be warranted at this time.

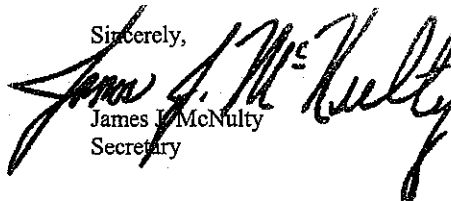

As noted in the Commission's Order, no switched access tariff has accompanied the Company's applications. Please note that until a switched access tariff is filed, the Company is not permitted to apply access charges, e.g. originating and terminating access billed to interexchange carriers.

The Company is also directed to add its Pennsylvania tariff to its website within thirty (30) days from the date of this letter. Upon placing the tariff on its website, the Company shall contact Cyndi Page (717-787-5722; [cypage@state.pa.us](mailto:cypage@state.pa.us)) of the Commission's Communications Office to inform her of the tariff's website address. In order to maintain a true and accurate representation of its tariff on file with the Commission, the Company should continually update its tariff whenever supplemental revisions are approved by the Commission.

If the Company does not maintain a website, the Pennsylvania Public Utility Commission will host its tariff on the Commission's website. Contact Cyndi Page for instructions on how to have your tariff and/or tariff supplement(s) added to the Commission's website.

The determination to permit the tariff to become effective is without prejudice to any complaint timely filed against the proposed tariff.

Sincerely,

James J. McNulty  
Secretary

Enclosure: Certificate of Public Convenience  
cc: Business Automation Technologies
