COMPETITIVE LOCAL EXCHANGE SERVICE

TARIFF FORMAT

A. Page Numbering – Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the Tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.

B. Page Revision Numbers – Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Pennsylvania Public Utility Commission. For example, the 4th revised Page 14 cancels the 3rd revised Page 14. Because of various suspension periods, deferrals, etc., the most current page number on file with the Pennsylvania Public Utility Commission is not always the Tariff page in effect. Consult the Check Sheet for the page currently in effect.

C. Paragraph Numbering Sequence – There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2.
- 2.1.
- 2.1.1.
- 2.1.1.A.
- 2.1.1.A.1.
- 2.1.1.A.1.(a).
- 2.1.1.A.1.(a).I.
- 2.1.1.A.1.(a).I.(i).
- 2.1.1.A.1.(a).I.(i).(1).

D. Check Sheets – When a Tariff filing is made with the Pennsylvania Public Utility Commission, an updated Check Sheet accompanies the Tariff filing. The Check Sheet lists the pages contained in the Tariff, with a cross reference to the current revision number. When new pages are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc., remain the same, just revised revision levels on some pages). The Tariff user should refer to the latest Check Sheet to find out if a particular page is the most current on file with the Pennsylvania Public Utility Commission.

COMPETITIVE LOCAL EXCHANGE SERVICE

SECTION 1 – DEFINITIONS

For purposes of this tariff, the following definitions will apply:

Advance Payment – Part or all of a payment required before the start of service.

Commission – Refers to the Pennsylvania Public Utility Commission, unless otherwise indicated.

Company – Business Automation Technologies, Inc. d/b/a Data Network Solutions, the issuer of this Tariff.

CPE or Customer Premises Equipment – Telephone terminating equipment, such as handsets, PBXs, and models located on the customer’s premises and connected to the phone service provider network.

Customer – The person, firm or corporation that orders service and is responsible for payment of charges and compliance with the terms and conditions of this Tariff.

Deposit – Refers to a cash or equivalent of cash security held as a guarantee for payment of the charges.

Exchange Telephone Company or Telephone Company – Denotes any individual, partnership, association, joint-stock company, trust, or corporation authorized by the appropriate regulatory bodies to engage in providing public switched communication service throughout an exchange area, and between exchange areas within the LATA.

COMPETITIVE LOCAL EXCHANGE SERVICE

SECTION 1 – DEFINITIONS (CONT'D)

Fiber Optic Cable – A thin filament of glass with a protective outer coating through which a light beam carrying communications signals may be transmitted by means of multiple internal reflections to a receiver, which translates the message.

Hearing Impaired – Those persons with communications impairments, including those hearing impaired, deaf, deaf/blind and speech impaired persons who have an impairment that prevents them from communicating over the telephone without the aid of a telecommunications device for the deaf.

IXC or Interexchange Carrier – A long distance telecommunications service provider.

LATA – A Local Access and Transport Area established pursuant to the Modification of Final Judgment entered by the United States District Court for the District of Columbia in Civil Action No. 82-0192; or any other geographic area designed as a LATA in the National Exchange Carrier Association, Inc. Tariff F.C.C. No. 4, or its successor Tariff(s).

Monthly Recurring Charges (or “MRC”) – The monthly charges to the Customer for services, facilities and equipment, which continue for the agreed upon duration of the service.

Non-Recurring Charge (“NRC”) – The initial charge, usually assessed on a one-time basis, to initiate and establish service.

NPA or Numbering Plan Area – An NPA is referred to as an area code. There are two general categories of NPAs: (1) Geographic NPA – associated with a defined geographic area; all telephone numbers bearing such an NPA are associated with services provided within that geographic area; and (2) Non-Geographic NPA – associated with a specialized telecommunications services, which may be provided across multiple geographic NPA areas; for example 800, 900, 700, 500 and 888 – also known as a Service Access Code or SAC.

Other Telephone Company – An Exchange Telephone Company, other than the Company.

COMPETITIVE LOCAL EXCHANGE SERVICE

SECTION 1 – DEFINITIONS (CONT'D)

Recurring Charges – Monthly charges to the Customer for services and equipment, which continues for the agreed-upon duration of the service.

Service – Any means of service offered herein or any combination thereof.

Service Commencement Date – The first day following the date on which the Company notifies the Customer that the requested service or facility is available for use, unless extended by the Customer's refusal to access service which does not conform to standards set forth in the Service order or this tariff, in which case the Service Commencement Date is the date of the Customer's acceptance. The Company and Customer may mutually agree on a substitute Service Commencement Date.

Service Order – The written or verbal request for Network Services executed by the Customer and the Company in the format devised by the Company. The signing of a Service Order by the Customer and acceptance by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this tariff, but the duration of the service is calculated from the Service Commencement Date.

Shared – A facility or equipment system or subsystem that can be used simultaneously by several Customers.

Tandem – A class 4 switch facility to which NPA (Number Plan Area) and NXX (Network Numbering Exchange) codes are subtended. NPA.NXX refers to the first 6 digits of a 10-digit telephone number.

Two-Way – A service attribute that includes outward dial capabilities for outbound calls and can also be used to carry inbound calls to a central point for further processing.

User or End User – A Customer, Joint User, or any other person authorized by a Customer to use service provided under this Tariff.

COMPETITIVE LOCAL EXCHANGE SERVICE

SECTION 2 – RULES AND REGULATIONS

2.1 Undertaking of the Company

2.1.1 Scope

The Company undertakes to furnish communications service pursuant to the terms of this Tariff in connection with one-way and/or two-way information transmission between points within the Commonwealth of Pennsylvania.

Customers and users may use services and facilities provided under this tariff to obtain access to services offered by other service providers. The Company is responsible under this tariff only for the services and facilities provided hereunder, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own customers.

The Company’s Tariff is in concurrence with all applicable State and Federal Laws (including, but not limited to, 52 Pa Code, 66 Pa. C.S. and the Communications Act of 1934 as amended by the Telecommunications Act of 1996), and with the Commission’s applicable Rules and Regulations and Orders. Any provisions contained in this Tariff that are inconsistent with the foregoing mentioned will be deemed inoperative and superseded.

2.1.2 Shortage of Equipment or Facilities

1. The Company reserves the right to limit or to allocate the use of existing facilities, or of additional facilities offered by the Company, when necessary because of lack of facilities, or due to some other cause beyond the Company’s control.
2. The furnishing of service under this Tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company’s facilities as well as facilities the Company may obtain from other carriers to furnish service from time to time as required at the sole discretion of the Company.

COMPETITIVE LOCAL EXCHANGE SERVICE

SECTION 2 – RULES AND REGULATIONS (CONT'D)

2.1 Undertaking of the Company (Cont'd)

2.1.3 Terms and Conditions

1. Service is provided on the basis of a minimum period of at least thirty (30) days, 24 hours per day. For the purpose of computing charges in this Tariff, a month is considered to have 30 days.
2. Customers may be required to enter into written service orders which shall contain or reference a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this Tariff. Customers will also be required to execute any other documents as may be reasonably requested by the Company.
3. At the expiration of the initial term specified in each Service Order, or in any extension thereof, service shall continue on a month-to-month basis at the then current rates unless terminated by either party upon notice. Any termination shall not relieve the Customer of its obligation to pay any charges incurred under the service order and this Tariff prior to termination. The rights and obligations which by their nature extend beyond the termination of the term of the service order shall survive such termination.
4. Prior to termination of service, the utility will mail or deliver written notice to the Customer at least 10 days prior to the date of the proposed termination. Termination of service by a carrier to a residential customer will follow a two-step process, whereby the carrier shall mail or deliver written notice to the Customer at least seven (7) days before the date of proposed suspension regardless upon which suspension is sought (52 Pa. Code §64.71). When at least ten (10) days have passed since suspension of service, the Company may terminate service for failure to pay a reconnection fee and to remedy the original grounds for suspension due to any of the following reasons: (1) failure to make satisfactory arrangements to pay arrears; (2) failure to post a deposit; (3) failure to meet the requirements of a payment agreement; (4) failure to give adequate assurances that an unauthorized use or practice will cease (52 Pa. Code §64.121).

Service may be terminated upon written notice to the Customer if:

- a. the Customer is using the service in violation of the Tariff; or
 - b. the Customer is using the service in violation of the law.
5. This Tariff shall be interpreted and governed by the laws of the Commonwealth of Pennsylvania regardless of its choice of laws provision.

COMPETITIVE LOCAL EXCHANGE SERVICE

SECTION 2 – RULES AND REGULATIONS (CONT'D)

2.1 Undertaking of the Company (Cont'd)

2.1.3 Terms and Conditions (Cont'd)

6. Any other Telephone Company may not interfere with the right of any person or entity to obtain service directly from the Company. No person or entity shall be required to make any payment, incur any penalty, monetary or otherwise, or purchase any services in order to have the right to obtain service directly from the Company.
7. To the extent that either the Company or any other telephone company exercises control over available cable pairs, conduit, duct space, raceways, or other facilities needed by the other to reach a person or entity, the party exercising such control shall make them available to the other on terms equivalent to those under which the Company makes similar facilities under its control available to its customers. At the reasonable request of either party, the Company and the other telephone company shall join the attempt to obtain from the owner of the property access for the other party to serve a person or entity.

2.1.4 Liability of the Company

1. The liability of the Company for damages arising out of the furnishing of its Services, including, but not limited to, mistakes, omissions, interruptions, delays, or errors, or other defects, representations, or use of these services or arising out of the failure to furnish the service, whether caused by acts or omission, shall be limited to the extension of allowances for interruption as set forth in 2.6. The extension of such allowances for interruption shall be the sole remedy of the Customer and the sole liability of the Company. The Company will not be liable for any direct, indirect, incidental, special, consequential, exemplary or punitive damages to Customer as a result of any Company service, equipment or facilities.
2. The Company shall not be liable for any delay or failure of performance or equipment due to causes beyond its control, including, but not limited to: acts of God, fire, flood, explosion or other catastrophes; any law, order, regulation, direction, action or request of the United States Government, or of any other government, including state and local governments having or claiming jurisdiction over the Company, or of any department, agency, commission, bureau, corporation, or other instrumentality of any one or more of these federal, state, or local governments, or of any civil or military authority; national emergencies; insurrections; riots; wars; unavailability of rights-of-way or materials; or strikes, lock-outs, work stoppages, or other labor difficulties.
3. The Company shall not be liable for any act or omission of any entity furnishing to the Company or to the Company's Customers facilities or equipment used for or with the services the Company offers.
4. The Company shall not be liable for any damages or losses due to the fault or negligence of the Customer or due to the failure or malfunction of Customer-provided equipment or facilities.

COMPETITIVE LOCAL EXCHANGE SERVICE

SECTION 2 – RULES AND REGULATIONS (CONT'D)

2.1 Undertaking of the Company (Cont'd)

2.1.4 Liability of the Company (Cont'd)

5. The Company does not guarantee nor make any warranty with respect to installations it provides for use in an explosive atmosphere. The Customer indemnifies and holds the Company harmless from any and all loss, claims, demands, suits or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by any other party or person(s), and for any loss, damage or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, location, or use of any installation so provided. The Company reserves the right to require each Customer to sign an agreement acknowledging acceptance of the provisions of this Section 2.1.4.5 as a condition precedent to such installations.
6. The Company is not liable for any defacement of or damage to Customer premises resulting from the furnishing of services or equipment on such premises or the installation or removal thereof, unless such defacement or damage is caused by negligence or willful misconduct of the Company's agents or employees.
7. The Company shall be indemnified, defended and held harmless by the Customer against any claim, loss or damage arising from Customer's use of services involving claims for libel, slander, invasion of privacy, or infringement of copyright arising from the Customer's own communications.
8. The entire liability for any claim, loss, damage or expense from any cause whatsoever shall in no event exceed sums actually paid the Company by the Customer for the specific services giving rise to the claim. No action or proceeding against the Company shall be commenced more than one year after the service is rendered.

COMPETITIVE LOCAL EXCHANGE SERVICE

SECTION 2 – RULES AND REGULATIONS (CONT'D)

2.1 Undertaking of the Company (Cont'd)

2.1.4 Liability of the Company (Cont'd)

9. The Company makes no warranties or representations, express or implied, either in fact or by operation of law, statutory or otherwise, including warranties of merchantability or fitness for a particular use, except those expressly set forth herein.
10. Directory Errors – The Company’s liability, if any, for its gross negligence or willful misconduct is not limited by this tariff. With respect to any other claim or suit, by a Customer or any others, for damages arising from errors or omissions in the making up or printing of its directories or in accepting listings as presented by customers or prospective customers, the Company’s liability, if any, shall not exceed the amount paid for local exchange service during the period covered by the directory in which the error or omission occurred.
11. With respect to Emergency 911 Service:
 - A. This service is offered solely as an aid in handling assistance calls in connection with fire, police and other emergencies. The Company is not responsible for any losses, claims, demands, suits or any liability whatsoever, whether suffered, made, instituted or asserted by the Customer or by any other party or person for any personal injury or death of any person or persons, and for any loss, damage or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused by: (1) mistakes, omissions, interruptions, delays, errors or other defects in the provision of service; or (2) installation, operation, failure to operate, maintenance, removal, presence, condition, local or use of any equipment and facilities furnishing this service.
 - B. Neither is the Company responsible for any infringement, nor invasion of the right of privacy of any person or persons, caused or claimed to have been caused directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion or use of emergency 911 service features and the equipment associated therewith, or by any services furnished by the Company, including, but not limited to the identification of the telephone number, address, or name associated with the telephone used by the party or parties accessing emergency 911 service, and which arise out of the negligence or other wrongful act of the Company, its users, agencies or municipalities, or the employees or agents of any one of them.

COMPETITIVE LOCAL EXCHANGE SERVICE

SECTION 2 – RULES AND REGULATIONS (CONT'D)

2.1 Undertaking of the Company (Cont'd)

2.1.4 Liability of the Company (Cont'd)

11. With respect to Emergency 911 Service (Cont'd)

C. When a Customer with a nonpublished telephone number, as defined herein, places a call to the emergency 911 service, the Company will release the name and address of the calling party, where such information can be determined, to the appropriate local government authority responsible for emergency 911 service upon request of such governmental authority. By subscribing to service under this rate sheet, the Customer acknowledges and agrees with the release of information as described above.

12. The liability of Company for errors in billing that result in overpayment by the Customer will be limited to a credit equal to the dollar amount erroneously billed or, in the event that payment has been made and Service has been discontinued, to a refund of the amount erroneously billed

2.1.5 Notification of Service-Affecting Activities

The Company will provide the Customer reasonable notification of service-affecting activities that may occur in normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventative maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all service activities. The Company will work cooperatively with the Customer to determine the reasonable notification requirements. With some emergency or unplanned service-affecting conditions, such as an outage resulting from cable damage, notification to the Customer may not be possible.

COMPETITIVE LOCAL EXCHANGE SERVICE

SECTION 2 – RULES AND REGULATIONS (CONT'D)

2.1 Undertaking of the Company (Cont'd)

2.1.6 Provision of Equipment and Facilities

1. The Company shall use reasonable efforts to make available services to a Customer on or before a particular date, subject to the provisions of and compliance by the Customer with, the regulations contained in this Tariff. The Company does not guarantee availability by any such date and shall not be liable for any delays in commencing service to any customer.
2. The Company shall use reasonable efforts to maintain only the facilities and equipment that it furnishes to the Customer. The Customer may not, nor may the Customer permit others to, rearrange, disconnect, remove, attempt to repair, or otherwise interfere with any of the facilities or equipment installed by the Company, except upon the written consent of the Company.
3. The Company may substitute, change or rearrange any equipment or facility at any time and from time to time, but shall not thereby alter the technical parameters of the service provided by the Customer.
4. Equipment the Company provides or installs at the Customer Premises for use in connection with the services the Company offers shall not be used for any purpose other than that for which it was provided.
5. The Customer shall be responsible for the payment of service charges as set forth herein for visits by the Company's agents or employees to the Premises of the Customer when the service difficulty or trouble report results from the use of equipment or facilities provided by any other party other than the Company, including, but not limited to, the Customer.
6. The Company shall not be responsible for the installation, operation, or maintenance of any Customer-provided communications equipment. Where such equipment is connected to the facilities furnished pursuant to this Tariff, the responsibility of the Company shall be limited to the furnishing of facilities offered under this Tariff and to the maintenance and operation of such facilities. Subject to this responsibility, the Company shall not be responsible for:
 - (A) the transmission of signals by Customer-provided equipment or for the quality of, or defects in, such transmission; or
 - (B) the reception of signals by Customer-provided equipment.

SECTION 2 – RULES AND REGULATIONS (CONT'D)

2.1 Undertaking of the Company (Cont'd)

2.1.7 Universal Emergency Telephone Number Service (911, E911) (Cont'd)

1. General

The Service Access Code 9-1-1 allows the customer to reach the appropriate emergency services including police, fire and medical services. Enhanced 9-1-1 has the ability to selectively route an emergency call to the primary 9-1-1 provider so that it reaches the correct emergency service located closest to the caller. In addition, the Customer's address and telephone information will be displayed to the primary 9-1-1 provider for display at the Public Answering Point (PSAP).

Pursuant to the Public Safety Emergency Telephone Act (Act 78 of 1990), as amended, the Telephone Company collects a fee from its customers on behalf of the counties in its operating area to support the 9-1-1 system. Counties of the first through second class may impose a monthly contribution rate in an amount not to exceed \$1 per line on each local exchange access line. Counties of the third through fifth class may impose a monthly contribution rate in an amount not to exceed \$1.65 per line on each local exchange access line. Counties of the sixth through the eighth class may impose a monthly contribution rate not to exceed \$1.50 per line on each local exchange access line. The contribution rate may be used by counties for the expenses of implementing, expanding or upgrading a 911 system.

Parties dialing 9-1-1 waive the privacy afforded by non-listed and non-published service to the extent that the telephone number, names, and address associated with the originating station location are furnished to the Public Safety Answering Point.

2. Regulations

The Company, whether supplying service through its own facilities or the use of an underlying carrier, will comply with the Protocols as set forth in, and in the form of Service Provider E-9-1-1 Protocols, Service Provider E-9-1-1 Questionnaire and Testing Procedures in accordance with the Petition of Bell Atlantic-Pennsylvania, Inc. for a Declaratory Order Relating to the Provision of Master Street Address Guides; Docket No. P-0097 1203; Settlement Agreement of all Parties and Joint Petition entered August 7, 1998 MSAG Order.

The Company is indemnified under the Public Safety Emergency Telephone Act, Act 78 of 1990.

The Company's liability and insurance provisions are fully stated in its tariff's General Regulations.

SECTION 2 – RULES AND REGULATIONS (CONT'D)

2.1 Undertaking of the Company (Cont'd)

2.1.7 Universal Emergency Telephone Number Service (911, E911) (Cont'd)

2. Regulations, (Cont'd)

Cases of Service interruptions affecting public health and safety shall receive priority attention under any and all conditions, particularly in time of disaster. Every appropriate resource will be utilized. The service provider will make reasonable best efforts to have its system fully functional as soon as possible, unless conditions beyond the service provider’s control prevent service restoration.

The Company will not use the county’s/municipality’s MSAG for any purpose that is not directly related to and required for the provision of 9-1-1 service.

The Host Telephone Company will install the county’s/municipality’s MSAG in ‘read/write’ format and will not modify the content of the MSAG unless requested or permitted to do so by the county/municipality. A request to modify content by the Host Telephone Company shall be responded to by the county/municipality within (10) business days or the request is deemed to be approved. The request shall be in writing and shall set forth in reasonable detail the proposed modification and all reasons in support. The request shall be granted provided the modification is necessary for the Host Telephone Company’s provision, maintenance, or upgrading of the 9-1-1 service.

The Company shall not otherwise modify the content of the MSAG, but may make formatting changes approved by the county/municipality necessary to enable the MSAG to conform to the telephone company’s information system(s). The request shall be in writing and shall set forth in reasonable detail the formatting changes and all reasons in support. The county/municipality shall respond to the request in ten (10) business days or the request is deemed to be approved. The request shall be granted provided the formatting change does not impair the integrity and accuracy of the MSAG database. For the purposes of this regulation, a content or formatting change does not include the use of the MSAG content in telephone companies’ operational support systems to validate customer information for input to the ALI database.

The Company will not sell, lease, rent, loan or provide, or transfer the county’s/municipality’s MSAG to any other person(s) or entity(ies) without the express written authorization of the county’s/municipality’s 9-1-1 coordinator, or his or her designee.

The Company will not, without the written consent of the county/municipality, modify or create any derivative of the county’s/municipality’s MSAG, except as follows: one (1) mirror image copy of the MSAG may be made in electronic form for archival purposes (the copy may be made in read/write format by the host telephone company, but shall be made solely in read-only format by all other telephone companies), and the telephone company may make a mirror image copy, solely in read-only format and only for database reconciliation, address verification for new connections of service, and other functions that are necessary to ensure that the name and address information provided by the service provider to the county/municipality is accurate and conforms to the county’s/municipality’s MSAG format.

SECTION 2 – RULES AND REGULATIONS (CONT'D)**2.1 Undertaking of the Company (Cont'd)****2.1.8 Non-routine Installation**

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations. In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays and/or night hours, additional hours may apply.

2.1.9 Special Construction

Subject to the agreement of the Company and to all of the regulations contained in this Tariff, special construction of facilities may be undertaken on a reasonable efforts basis at the request of the Customer. Special construction is that construction undertaken:

1. where facilities are not presently available, and there is no other requirement for the facilities so constructed;
2. of a type other than that which the Company would normally utilize in the furnishing of its services;
3. over a route other than that which the Company would normally utilize in the furnishing of its services;
4. in a quantity greater than that which the Company would normally construct;
5. on an expedited basis;
6. on a temporary basis until permanent facilities are available;
7. involving abnormal costs; or
8. in advance of its normal construction.

2.1.10 Ownership of Facilities

Title to all facilities provided in accordance with this Tariff remains in the Company, its partners, agents, contractors or suppliers.

SECTION 2 – RULES AND REGULATIONS (CONT'D)

2.2 Prohibited Uses

- 2.2.1 The services the Company offers shall not be used for any unlawful purpose or for any use as to which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents and permits.
- 2.2.2 The Company may require applicants for service who intend to use the Company's offerings for resale and/or for shared use to file a letter with the Company confirming that their use of the Company's offerings complies with relevant laws and PUC regulations, policies, orders, and decisions.
- 2.2.3 The Company may require a Customer to immediately shut down its transmission of signals if said transmission is causing interference to others.
- 2.2.4 A customer, joint user, or authorized user may not assign, or transfer in any manner, the service or any rights associated with the service without the written consent of the Company. The Company will permit a Customer to transfer its existing service to another entity if the existing Customer has paid all charges owned to the Company for regulated communications services. Such a transfer will be treated as a disconnection of existing service and installation of new service, and nonrecurring installation charges as stated in this Tariff will apply.

SECTION 2 – RULES AND REGULATIONS (CONT'D)

2.3 Obligations of the Customer

2.3.1 General

The Customer shall be responsible for:

1. the payment of all applicable charges pursuant to this Tariff;
2. damage to or loss of the Company’s facilities or equipment caused by the acts of omissions of the Customer; or the noncompliance by the Customer, with these regulations; or by fire or theft or other casualty on the Customer Premises, unless caused by the negligence or willful misconduct of the employees or agents of the Company;
3. providing at no charge, as specified from time to time by the Company, any needed personnel, equipment space and power to operate Company facilities and equipment installed on the premises of the Customer, and the level of heating and air conditioning necessary to maintain the proper operating environment on such premises;
4. obtaining, maintaining, and otherwise having full responsibility for all rights-of-way and conduits necessary for installation of fiber optic cable and associated equipment used to provide Communication Services to the Customer from the cable building entrance or property line to the location of the equipment space described in 2.3.1.3. Any and all costs associated with obtaining and maintaining the rights-of-way described herein, including the costs of altering the structure to permit installation of the Company-provided facilities, shall be borne entirely by, or may be charged by the Company to, the Customer. The Company may require the Customer to demonstrate its compliance with this section prior to accepting an order for service;

SECTION 2 – RULES AND REGULATIONS (CONT'D)

2.3 Obligations of the Customer (Cont'd)

2.3.1 General (Cont'd)

5. providing a safe place to work and complying with all laws and regulations regarding the working conditions on the premises at which Company employees and agents shall be installing or maintaining the Company's facilities and equipment. The Customer may be required to install and maintain Company facilities and equipment within a hazardous area if, in the Company's opinion, injury or damage to the Company's employees or property might result from installation or maintenance by the Company. The Customer shall be responsible for identifying, monitoring, removing and disposing of any hazardous material (e.g., asbestos) prior to any construction or installation work;
6. complying with all laws and regulations applicable to, and obtaining all consents, approvals, licenses and permits as may be required with respect to, the location of Company facilities and equipment in any Customer premises or the rights-of-way for which Customer is responsible under Section 2.3.1.4; and granting or obtaining permission for Company agents or employees to enter the premises of the Customer at any time for the purpose of installing, inspecting, maintaining, repairing, or upon termination of service as stated herein removing the facilities or equipment of the Company;
7. not creating, or allowing to be placed, any liens or other encumbrances on the Company's equipment or facilities; and
8. making Company facilities and equipment available periodically for maintenance purposes at a time agreeable to both the Company and the Customer. No allowance will be made for the period during which service is interrupted for such purposes.

2.4 Customer Equipment and Channels

2.4.1 General

A User may transmit or receive information or signals via the facilities of the Company. The Company's services are designed primarily for the transmission of voice-grade telephonic signals, except as otherwise stated in this Tariff. A User may transmit any form of signal that is compatible with the Company's equipment, but the Company does not guarantee that its services will be suitable for purposes other than voice-grade telephonic communication except as specifically stated in this Tariff.

2.4.2 Station Equipment

1. Terminal equipment on the User's Premises and the electric power consumed by such equipment shall be provided by and maintained at the expense of the User. The User is responsible for the provision of wiring or cable to connect its terminal equipment to the Company Point of Connection.
2. The Customer is responsible for ensuring that Customer-provided equipment connected to Company equipment and facilities is compatible with such equipment and facilities. The magnitude and character of the voltages and currents impressed on Company-provided equipment and wiring by the connection, operation, or maintenance of such equipment and wiring shall be such as not to cause damage to the Company-provided equipment and wiring or injury to the Company's employees or to other persons. Any additional protective equipment required to prevent such damage or injury shall be provided by the Company at the Customer's expense, subject to prior Customer approval of the equipment expense.

2.4 Customer Equipment and Channels (Cont'd)

2.4.3 Interconnection of Facilities

1. Any special interface equipment necessary to achieve compatibility between the facilities and equipment of the Company used for furnishing Communication Services and the channels, facilities, or equipment of others shall be provided at the Customer's expense.
2. Communications Services may be connected to the services or facilities of other communications carriers only when authorized by, and in accordance with, the terms and conditions of the Tariffs of the other communications carriers that are applicable to such connections.
3. Facilities furnished under this Tariff may be connected to Customer-provided terminal equipment in accordance with the provisions of this Tariff. All such terminal equipment shall be registered by the Federal Communications Commission pursuant to Part 68 of Title 47, Code of Federal Regulations; and all User-provided wiring shall be installed and maintained in compliance with those regulations.
4. Users may interconnect communications facilities that are used in whole or in part for interstate communications to services provided under this Tariff only to the extent that the user is an "End User" as defined in Section 69.2(m), Title 47, Code of Federal Regulations (1992 edition).

2.4 Customer Equipment and Channels (Cont'd)

2.4.4 Inspections

1. Upon suitable notification to the Customer, and at a reasonable time, the Company may make such tests and inspections as may be necessary to determine that the Customer is complying with the requirements set forth in Section 2.4.2. for the installation, operation, and maintenance of Customer-provided facilities, equipment, and wiring in the connection of Customer-provided facilities and equipment to Company-owned facilities and equipment.
2. If the protective requirements for Customer-provided equipment are not being complied with, the Company may take such action as it deems necessary to protect its facilities, equipment, and personnel. The Company will notify the Customer promptly if there is any need for further corrective action. Within ten days of receiving this notice, the Customer must take this corrective action and notify the Company of the action taken. If the Customer fails to do this, the Company may take whatever additional action is deemed necessary, including the suspension of service, to protect its facilities, equipment and personnel from harm.

SECTION 2 – RULES AND REGULATIONS (CONT'D)

2.5 Payment Arrangements

2.5.1. Payment for Service

The Customer is responsible for the payment of all charges for facilities and services furnished by the Company to the Customer and to all Authorized Users by the Customer, regardless of whether those services are used by the Customer itself or are resold to or shared with other persons.

The Customer is responsible for payment of any sales, use, gross receipts, excise, or other local, state, federal and 911 taxes, charges or surcharges (however designated) (excluding taxes on Company's net income) imposed on or based upon the provision, sale or use of Network Services.

2.5.2 Billing and Collection of Charges

1. Non-recurring charges are due and payable from the customer within 30 days after the billing date, unless otherwise agreed to in advance.
2. The Company shall present invoices for Recurring Charges monthly to the Customer, in advance of the month in which service is provided, and Recurring Charges shall be due and payable within 30 days after the billing date. When billing is based on customer usage, charges will be billed monthly for the preceding billing periods.
3. When service does not begin on the first day of the month, or end on the last day of the month, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have 30 days.

SECTION 2 – RULES AND REGULATIONS (CONT'D)

2.5 Payment Arrangements (Cont'd)

2.5.2 Billing and Collection of Charges (Cont'd)

4. Billing of the Customer by the Company will begin on the Service Commencement Date, which is the first day following the date on which the Company notifies the Customer that the service or facility is available for use, except that the Service Commencement Date may be postponed by mutual agreement of the parties, or if the service or facility does not conform to standards set forth in this Tariff or the Service Order. Billing accrues through and includes the day that the service, circuit, arrangement or component is discontinued.
5. A 1.25% Late payment Charge applies to any unpaid balance carried forward from a monthly bill to the next month's bill. The Customer's bill will be considered to be mailed within seven (7) days of the billing cycle and will be considered past due if payment is not postmarked within thirty days after the billing date.
6. The Customer will be assessed a charge of twenty-five dollars (\$25.00) for each check or other payment type submitted by the Customer to the Company that a bank or other financial institution refuses to honor.
7. Customer have up to 90 days (commencing 5 days after remittance of the bill) to initiate a dispute over charges or to receive credits. The Bureau of Consumer Services has primary jurisdiction over complaints and Customers may contact the Bureau at the following address: Bureau of Consumer Services, Pennsylvania Public Utility Commission, P.O. Box 3265, Harrisburg, PA 17105-3265, or toll-free at 1-800-692-7380.
8. If service is disconnected by the Company in accordance with Section 2.5.5 following and later restored, restoration of service will be subject to all applicable installation charges.

SECTION 2 – RULES AND REGULATIONS (CONT'D)

2.5 Payment Arrangements (Cont'd)

2.5.3 Advance Payments

To safeguard its interests, the Company may require a non-residential Customer to make an advance payment before services and facilities are furnished. The advance payment will not exceed an amount equal to the non-recurring charge(s) and one month's charges for the service or facility. In addition, where special construction is involved, the advance payment may also include an amount equal to the estimated non-recurring charges for the special construction and recurring charges (if any) for a period to be set between the Company and the Customer. Payments may be required in advance of furnishing any of the following services: (1) seasonal service, (2) construction of facilities and furnishing of special equipment, (3) temporary service for short-term use. The advance payment will be credited to the Customer's initial bill.

2.5.5 Discontinuance of Service (Cont'd)

4. Upon the Customer's insolvency, assignment for the benefit of creditors, filing for bankruptcy or reorganization, or failing to discharge an involuntary petition within the time permitted by law, the Company may immediately discontinue or suspend service without incurring any liability.
5. Upon any governmental prohibition or required alteration of the services to be provided or any violation of an applicable law or regulation, the Company may immediately discontinue service without incurring any liability.
6. In the event of fraudulent use of the Company's network, the Company will discontinue service without notice and/or seek recourse to recover Service costs involved in enforcement of this provision.
7. Upon the Company's discontinuance of service to the Customer under Section 2.5.5.1. or 2.5.5.2., the Company, in addition to all other remedies that may be available to the Company at law or in equity or under any other provision of this tariff, may declare all future monthly and other charges that would have been payable by the Customer during the remainder of the term for which such services would have otherwise been provided to the Customer to be immediately due and payable (discounted to present value at six percent).

2.5.6 Customer Responsibility

1. Cancellation by Customer

Customers may cancel service verbally or in writing. Customer shall give Company at least five (5) days' notice of cancellation. The Company shall hold the Customer responsible for payment of all charges, including fixed fees, surcharges, etc., which accrue up to the cancellation date. Customers that cancel the primary local exchange line will have the entire Account disconnected, including any secondary line and all associated features. In the event the Customer executes a term commitment agreement with the Company, the Customer must cancel service and terminate the agreement in accordance with the agreement terms.

2.5.7 Cancellation of Application for Service

1. Where, prior to cancellation by the Customer, the Company incurs any expenses in installing the service or in preparing to install the service that it otherwise would not have incurred, a charge equal to the costs incurred by the Company, shall apply, but in no case shall this charge exceed the sum of the charge for the minimum period of services ordered, including installation charges, and all charges others levied against the Company that would have been chargeable to the Customer had service commenced. Such charge will be deducted from any Advance Payment collected as part of the Application for Service. The Company will reimburse Customers based on the following: Customers whose Service Orders have not yet been processed will receive a complete refund; those whose Service Orders are in process will receive a 50% credit; Service Orders that have been completed are not eligible for a refund.
2. Where the Company incurs any expense in connection with special construction, or where special arrangements of facilities or equipment have begun, before the Company receives a cancellation notice, a charge equal to the costs incurred by the Company, less net salvage, applies. In such cases, the charge will be based on such elements as the cost of the equipment, facilities, and material, the cost of installation, engineering, labor, and supervision, general and administrative expense, other disbursements, depreciation, maintenance, taxes, provision for return on investment, and any other costs associated with the special construction or arrangements.
3. The special charges described in 2.5.7.1. through 2.5.7.3. will be calculated and applied on a case-by-case basis.

2.5.8 Changes in Service Requested

If the Customer makes or request material changes in circuit engineering, equipment specifications, service parameters, premises locations, or otherwise materially modifies any provision of the application for service, the Customer's installation fee shall be adjusted accordingly.

2.6 Allowances for Interruptions in Service

Interruptions in service that are not due to the negligence of, or noncompliance with the provisions of this Tariff by, the Customer or the operation or malfunction of the facilities, power or equipment provided by the Customer, will be credited to the Customer as set forth in 2.6.1 for the part of the service that the interruption affects.

2.6.1 Credit for Interruptions

Refunds for service interruptions shall conform with 52 Pa. Code. § 63.24

1. A credit allowance will be made when an interruption occurs because of a failure of any component furnished by the Company under this Tariff. An interruption period begins when the Customer reports a service, facility or circuit to be interrupted and releases it for testing and repair. An interruption period ends when the service, facility or circuit is operative. If the Customer reports a service, facility or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.
2. For calculating credit allowances, every month is considered to have 30 days. A credit allowance for fixed recurring fees only is applied on a pro rata basis against the rates specified hereunder and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit.
3. A credit allowance will be given for interruptions of thirty (30) minutes or more. Credit allowances shall be calculated as follows:

Interruptions of 24 Hours or Less

Length of Interruption	Amount of Service to be Credited
Less than 30 minutes	None
30 minutes up to but not including 3 hours	1/10 Day
3 hours up to but not including 6 hours	1/5 Day
6 hours up to but not including 9 hours	2/5 Day
9 hours up to but not including 12 hours	3/5 Day
12 hours up to but not including 15 hours	4/5 Day
15 hours up to but not including 24 hours	One Day

Two or more interruptions of 15 minutes or more during any one 24-hour period shall be considered as one interruption.

2.6 Allowances for Interruptions in Service

2.6.1 Credit for Interruptions

Interruptions of 24 Hours and greater.

Length of Interruption	Amount of Service to be Credited
Up to first three full 24-hour periods	1/13 tariffed monthly recurring rate
Each full 24-hour period beyond the first three 24-	2/13 ^t tariffed monthly recurring rate
each full 24 hours for interruptions caused outside of Company's control	1/30 tariffed monthly recurring rate

2.6.2 Limitations of Allowances

No credit allowance will be made for:

1. interruptions due to the negligence of or noncompliance with the provisions of this tariff by the Customer, authorized user, joint user or other common carrier providing service connected to the service of the Company;
2. interruptions due to the negligence of any person other than the Company, including but not limited to the Customer or other common carriers connected to the Company's facilities;
3. interruptions of service during any period in which the Company is not given full and free access to its facilities and equipment for the purpose of investigating and correcting interruptions;
4. interruptions of service during a period in which the Customer continues to use the service on an impaired basis;
5. interruptions of service during any period when the Customer has released service to the Company for maintenance purposes or for implementation of a Customer order for a change in service arrangements;

2.7 Use of Customer’s Service by Others

2.7.1 Resale and Sharing

Any service provided under this Tariff may be resold to or shared with other persons at the option of the Customer, subject to compliance with any applicable laws or Pennsylvania Public Utility Commission regulations governing such resale or sharing. The Customer remains solely responsible for all use of services ordered by it or billed to its telephone number(s) pursuant to this Tariff, for determining who is authorized to use its services, and for notifying the Company of any unauthorized use.

2.7.2 Joint Use Arrangements

Joint use arrangements will be permitted for all services provided under this Tariff. From each joint use arrangement, one member will be designated as the Customer responsible for the manner in which the joint use of the service will be allocated. The Company will accept orders to start, rearrange, relocate or discontinue service only from the designated Customer. Without affecting the Customer’s ultimate responsibility for payment of all charges for the service, each joint user shall be responsible for the payment of the charges billed to it.

SECTION 2 – RULES AND REGULATIONS (CONT'D)

2.8 Cancellation of Service/Termination Liability

If a Customer cancels a Service Order or terminates services before the completion of the term for any reason whatsoever other than a service interruption (as defined in Section 2.6.1 above), the Customer agrees to pay to the Company termination liability charges, as defined below. These charges shall become due as of the effective date of the cancellation or termination and be payable within the period, set forth in Section 2.5.2.

The Customer's termination liability for cancellation of service shall be equal to:

- 2.8.1 all unpaid Non-Recurring charges reasonably expended by the Company to establish service to the Customer; plus
- 2.8.2 any disconnection, early cancellation or termination charges reasonably incurred and paid to third parties by the Company on behalf of the Customer.
- 2.8.3 The maximum liability will not exceed all Recurring Charges specified in the applicable Service Order Tariff for the balance of the then current term discounted at the prime rate announced in the Wall Street Journal on the third business day following the date of cancellation; minus
- 2.8.4 a reasonable allowance for costs avoided by the Company as a direct result of the Customer's cancellation.

2.10 Notices and Communications

- 2.10.1 The Customer shall designate on the Service Order an address to which the Company shall mail or deliver all notices and other communications, except that the Customer may also designate a separate address to which the Company's bills for service shall be mailed.
- 2.10.2 The Company shall designate on the Service Order an address to which the Customer shall mail or deliver all notices and other communications, except that Company may designate a separate address on each bill for service to which the Customer shall mail payment on that bill.
- 2.10.3 Except as otherwise stated in this Tariff, all notices or other communications required to be given pursuant to this Tariff will be in writing. Notices and other communications of either party, and all bills mailed by the Company, shall be presumed to have been delivered to the other party on the third business day following placement of the notice, communication or bill with the U.S. Mail or a private delivery service, prepaid and properly addressed, or when actually received or refused by the addressee, whichever occurs first.
- 2.10.4 The Company or the Customer shall advise the other party of any changes to the addresses designated for notices, other communications or billing, by following the procedures for giving notice set forth herein.

SECTION 2 – RULES AND REGULATIONS (CONT'D)

2.13 Telecommunications Relay Service

2.13.1 General

The Pennsylvania Telecommunications Relay Service (PA TRS) is a relay telecommunications service for the deaf, hard of hearing, hearing and/or speech disabled population of the Commonwealth. The PA TRS is mandated by the Americans with Disabilities Act of 1990 to provide functionally equivalent telephone services that are available to other U.S. citizens, at no additional cost. The PA TRS includes both traditional relay (devices such as Teletypewriters (TTY) and Telecommunications Devices for the Deaf (TDD)) and captioned-telephone voice-carry-over relay services (captioned telephone). These relay services permit telephone communications between individuals with hearing and/or speech disabilities, who must use a TTY, TDD or captioned telephone, with individuals having normal hearing and speech. Additionally, 711 abbreviated dialing is available to access the PA TRS. The Company's switching equipment is arranged to translate the "711" calls to the assigned toll-free number, (888) 895-1197, in order to route calls to the Telecommunications Relay Service Provider, in accordance with the Commission's Order entered on February 4, 2000 at Docket No. M-00900239.

2.13.2 Surcharge

In addition to the charges provided in this tariff, a surcharge will apply to all residence and business access lines served by this Company. (Access lines are those lines extending from the telephone company's central office to the end-user's premises.) This surcharge applies regardless of whether or not the access line uses the PA TRS.

The surcharge serves as the funding vehicle for the operation of the PA TRS, Telecommunications Device Distribution Program and the Print Media Access Service Program and shall be calculated by the Pennsylvania Public Utility Commission (the Commission). The Commission shall compute the PA TRS surcharge each year and notify local exchange carriers of the surcharge amount to be applied for the twelve-month period commencing July 1 of each year.

The Commission may revise the surcharge more frequently than annually at its discretion.

Tariff revisions will be filed whenever the Commission calculates a new surcharge amount and notifies the Company.

The following surcharge rates apply to all customer bills issued on or after July 1, 2008.

Per residence access line, per month	\$0.08
Per business access line, per month	\$0.08

2.14 Toll Free Services

- 2.14.1** The Company will make every effort to reserve toll free (i.e., “800/888”) vanity numbers for Customers, but makes no guarantee or warranty that the requested number(s) will be available.
- 2.14.2** The Company will participate in porting toll free numbers only when all charges incurred as a result of the toll free number have been paid.
- 2.14.3** Toll free numbers shared by more than one Customer, whereby individual Customers are identified by a unique Personal identification Number, may not be assigned or transferred for use with service provided by another carrier. Subject to the limitations provided in this tariff, the Company will only honor Customer requests for a change in Responsible Organization or toll free service provider for toll free numbers dedicated to the sole use of that single Customer.
- 2.14.4** If a Customer who has received a toll free number does not subscribe to toll free service within thirty (30) days, the Company reserves the right to make the assigned number available for use by another Customer.
- 2.14.5** Local calls will be charged at the applicable local flat rate or local measured service rate. Toll calls will be charged at the applicable toll rate found in the selected long distance provider’s rate schedule or current tariff. If the customer has not chosen a long distance carrier the default carrier’s rates will apply for the toll call.

4.4 Local Exchange Service

4.4.1 General

The Company offers Local Service to business customers. Voice Mail and other Custom Calling Features are available to Local Service customers by selecting such services a la carte or in bundled packages.

The Company provides Customers with the option of obtaining a Primary Line and Secondary Line per account:

A. Primary Line

The initial local exchange access line per account.

B. Secondary Line

The second or additional local exchange access line, billed to the same address as the Primary Line, the Secondary Line will share the monthly call allowance with the Primary Line. The Secondary Line does not automatically include or share any Custom Calling Features. Feature Packages may be purchased separately.

Should a Customer with both lines opt to disconnect the Primary Line, the remaining Secondary Line will automatically convert to a Primary Line with all features and functionality of such, and at the Primary Line monthly recurring rate.

SECTION 5 – MISCELLANEOUS SERVICES AND RATES**5.1 Service Change Charges**

Non-recurring charges apply to processing Service Orders for new service, for changes in service, and for changes in the Customer's primary interexchange carrier (PIC) code.

5.1.1 Service Order Charges

Transfer of Service Charge, Primary Line – applies to the first line of a Transfer of Service Order (TOS), when a customer requests a move or change in physical location. This charge applies whether a customer changes telephone number or not. If, in addition, the Customer requests the telephone number be changed, a separate charge may apply.

Transfer of Service Charge, Secondary Line – applies to the second, or third, etc., line of a Transfer of Service Order (TOS), when a customer requests a move or change in physical location. This charge applies whether a customer changes telephone number or not. If, in addition, the Customer requests the telephone number be changed, a separate charge may apply.

Technician Dispatch Charge – A separate Technician Dispatch Charge applies, in addition to all other charges for the visit, when a visit to the Customer's premises is necessary to isolate a problem reported to the Company but identified by the Company's technician as attributable to Customer-provided equipment or inside wire. This charge also applies for visits by the Company's agents or employees, at the Customer's request, to the Premises of the Customer, when the Customer fails to meet the Company's agent or employees for the prearranged appointment as requested.

Change Order Charges apply to work associated with providing exchange line service or customer-requested changes to existing services. One charge applies for each change order requested by the customer. If multiple changes listed below are requested by the Customer and occur on the same order/request one charge only applies. A Change Order Service Charge applies to the following customer-initiated changes:

Custom Calling Feature Change Order – applies when a Customer requests a change, adding or removing a custom calling feature.

Toll Restriction Fee Order – applies when a Customer requests a change, adding or removing Toll Restriction Service.

Telephone Number Change Order – applies to each telephone number change request/order.

Listing Change Charge – applies when a Customer requests/orders a change to add or delete a white pages listing or requests a change to add/delete listings. This charge also applies to request for Non-Published or Non-Listed numbers.

SECTION 5 – MISCELLANEOUS SERVICES AND RATES (Cont'd)**5.5 Custom Calling Features**

The features in this section are made available to Residential Customers on a per use basis. All features are provided subject to availability. Customers may utilize each feature by dialing the appropriate access code. The Customer will be billed the per feature activation charge shown in the table below each time a feature is used by the Customer. Transmission levels for calls forwarded or calls placed or received using optional calling features may not be acceptable for all or some uses in some cases.

5.5.1 Feature Descriptions

Call Forwarding – Fixed, Busy Line No Answer – This feature, when activated, redirects attempted terminating calls to another Customer-specified line. Call originating ability is not affected by Call Forwarding – Fixed, Busy Line No Answer. The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the Customer with the Call Forwarding – Fixed, Busy Line No Answer is billed for the forwarded leg of the call. Calls cannot be transferred to an International Direct Distance Dialing number.

Speed Calling – This feature allows a user to dial selected numbers by means of an abbreviated code. This feature is available in either an 8 number or a 30 number capacity. The Speed Calling list can only accommodate a number consisting of 15 digits or less.

Caller ID - Allows a Customer to see a caller's telephone number previewed on a display screen before the call is answered. Caller ID requires the use of specialized CPE not provided by the Company

Caller ID with Name – Allows a Customer to see a caller's name and number previewed on a display screen before the call is answered. Caller ID with Name requires the use of specialized CPE not provided by the Company.

Call Forwarding – A Customer activated feature that automatically transfers all incoming calls from the Customer's telephone number to another dialable telephone number until the Customer deactivates the feature. If forwarded to a long distance number the Subscriber will incur the long distance charges.

Call Trace – Allows a called party to initiate an automatic trace of the last call received. Call Trace is available on a usage basis only.

Call Blocking – Allows Customer to block calls from different telephone numbers. A screening list is created by Customer either by adding the last number associated with the line (incoming or outgoing) or by pre-selecting the telephone number to be blocked. Callers from such numbers hear an announcement that the calling party is not accepting calls and Customer's phone will not ring.

COMPETITIVE LOCAL EXCHANGE SERVICE

SECTION 5 – MISCELLANEOUS SERVICES AND RATES (Cont'd)**5.5 Custom Calling Features****5.5.1 Feature Descriptions (Cont'd)**

Call Waiting - Call Waiting provides a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in. This feature permits the Customer to place the first call on hold, answer the second call and then alternate between both calls.

Call Waiting with Caller ID with Name – Call Waiting with Caller ID with Name provides a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in and allows a Customer to see a caller's name and number previewed on a display screen. This feature permits the Customer to place the first call on hold, answer the second call and then alternate between both calls.

Three Way Calling – Permits the Customer to add a third party to an established connection. When the third party answers, a two-way conversation can be held before adding the original party for a three-way conference.

Call Return - Allows Customer to automatically dial the number of last incoming call, whether or not Customer answered phone.

Anonymous Call Rejection - Allows you to refuse calls from those who have blocked their numbers.

Selective Call Rejection – Allows you to refuse calls from selected list of numbers.

Repeat/Auto Dial – A feature that, when activated, automatically checks a busy number and when the line is free, rings the Customer back and completes the call.

Caller Identification Blocking: Allows the name and number of the calling party to be blocked from being transmitted when placing outbound calls.

Per Call Blocking: To activate per-call blocking, a Customer dials a special code prior to placing a call. Blocking will be activated for that outgoing call only. There is no charge for using per call blocking, and it is provided on an unlimited basis.

Per Line Blocking: When blocking is established on the line, it can be deactivated by dialing a code before each call. This one call unblock allows the name and/or number to be sent for that one call only. There is no charge for per line blocking.

5.6 Directory Assistance and Operator Services

A Customer may obtain assistance, for a charge, in determining a telephone number by dialing Directory Assistance Service.

5.6.1 Basic Directory Assistance

The rates specified following apply when Customers request Company assistance in determining telephone numbers of Customers who are located within the State.

A maximum of two (2) requested telephone numbers are allowed per call.

A. Exemptions

A business or residence main telephone exchange line may be registered for exemption from Directory Assistance charges where one of the users of the line is considered to be legally blind, visually or physically handicapped, or where the user's handicap prevents the dialing of a telephone in a conventional manner or permits only the dialing of "0." Requests for exemption must be accompanied by certification of the handicap. Acceptable certifications include those signed by a physician, issued by a state agency qualified to certify such handicaps or pre-existing certifications establishing visual or physical inability to use a directory such as those which qualify the handicapped person for an income tax exemption or social security benefits on the basis of blindness or physical disability or for use of the facilities of any agency for the blind.

B. Allowances

There are no call allowances for Directory Assistance Service.

5.7 Busy Line Verification and Emergency Interrupt Service

Upon request of a calling party, the Company will verify a busy condition on a designated local service line. The operator will determine if the line is clear or in use and report to the calling party. At the request of the Customer, the operator will interrupt the call on the busy line. Emergency Interruption is only permitted in cases where the calling party indicates an emergency exists and requests interruption and is performed once the line status has been determined through the Busy Line Verification process.

If the Customer has the operator interrupt a call, both the Busy Line Verification and the Emergency Interrupt charge will apply.

No charge will apply when the calling party advises that the call is to or from an official public emergency agency. Busy Verification and Interrupt Service is furnished where and to the extent that facilities permit.

The Customer shall indemnify and save the Company harmless against all claims that may arise from either party to the interrupted call or any person.

5.8 Directory Listing Service

5.8.1 General

The following rates and regulations apply to standard listings in light face type in the white pages (alphabetical section) of the telephone directory and to the Directory Assistance records of the Company.

Directory listings are limited to such information as is essential to the identification of the listed party. The listing of a service, commodity, or trade name is not permitted unless it is the name, or an integral part of the name, under which the Customer does business.

A listing is limited to one line in the directory, except where in the judgment of the Company, more than one line is required to identify the Customer properly. In such cases, the additional lines required are provided at no extra charge.

Dual name listings are permitted as a regular directory listing for residential service.

Listing services are available with all classes of main telephone exchange service.

5.8.2 Listings

A. Primary Listing

One listing, termed the primary listing, is included with each exchange access line and each joint user.

SECTION 5 – MISCELLANEOUS SERVICES AND RATES (Cont'd)

5.8 Directory Listing Service (Cont'd)

5.8.2 Listings (Cont'd)

B. Additional Listings

Additional listings may be the listings of individual names of the Customer and members of the Customer's household, tenants of residential Customers who lease the Customer's premises for less than one year and do not occupy the premises at the same time as the Customer, members of a firm, officers of a corporation, employees of the Customer or other persons associated in business with the Customer, a business which the Customer owns and cross reference and alternate number listings.

Ordinarily, all additional listings are of the same address and telephone number as the primary listings, except as provided for joint user and alternate number listings.

Special Types of Additional Listings include:

Duplicate Listings – A listing of another name by which the customer is known, such as a nickname, abbreviated name, a name commonly spelled in more than one way, and a name consisting of several words which the public commonly rearranges. The listing may be complete or in a cross-reference form.

Alternate Telephone Numbers – A listing which refers calling parties to another telephone number at certain hours or on certain days or in case no answer is received on the call to the primary number.

5.8 Directory Listing Service (Cont'd)

5.8.2 Listings (Cont'd)

C. Nonpublished Service

The telephone numbers of nonpublished service are not listed in either the Company's alphabetical directory or Directory Assistance records available to the general public.

Incoming calls to nonpublished service will be completed by the Company only when the calling party places the call by number, and no exception will be made, nor will the Customer be called to determine whether he/she wishes to receive the call, even though it appears that the calling party desires the connection because of an emergency.

The Company is not responsible for any claims made or liability arising from failure to receive calls because of this arrangement.

The Subscriber indemnifies (i.e., promises to reimburse the Company for any amount the Company must pay as a result of) and saves the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a non-published service or the disclosing of said number to any person.

D. Nonlisted Service

Nonlisted service means the Customer's telephone number is not listed in the directory, but it does appear in the Company's Directory Assistance Records.

The Company is not responsible for any claims made or liability arising from failure to receive calls because of this arrangement.

The Subscriber indemnifies (i.e., promises to reimburse the Company for any amount the Company must pay as a result of) and saves the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a nonlisted service.

SECTION 5 – MISCELLANEOUS SERVICES AND RATES (Cont'd)**5.9 Toll Presubscription**

- A. Toll Presubscription is a procedure whereby a customer designates to the Telephone Company the IntraLATA and InterLATA Toll Providers, i.e., Interexchange Carriers (IXCs) which the customer wishes to be the carriers of choice for toll calls. Such calls are automatically directed to the designated carrier(s) without the need to use carrier access codes or additional dialing to direct the calls to the designated carrier. Toll presubscription does not prevent a customer, who has presubscribed to a toll carrier, from using carrier access codes or additional dialing to direct calls to an alternative toll carrier on a per call basis.

Each carrier will have one or more access codes assigned to it for various types of service. When an end user selects a carrier as its preferred IXC, only one access code of that carrier may be incorporated into the switching system of the Telephone Company permitting access to that carrier by the end user without dialing an access code. Should the same end user wish to use other services of the same carrier, it will be necessary for the end user to dial the necessary access code(s) to reach that carrier's other service(s).

An IXC must use Feature Group D (FGD) Switched Access Service to qualify as a presubscription toll provider unless prior arrangements have been made with or by the Telephone Company. IXCs must submit an Access Service Request (ASR) to the Telephone Company.

Selection of toll presubscription provider by an end user is subject to the terms and conditions following.

- B. At the option of the IXCs, the nonrecurring charge for a change in toll presubscription, as provided herein, may be billed to the IXCs, instead of the end user. This may involve charges resulting from end-user initial free choice Preferred Interexchange Carrier (PIC), as specified in C.1 following.
- C. Presubscription Charge Application
1. End user choices for toll presubscription:
 - Designating an intraLATA and interLATA IXC(s) as primary carrier(s) thereby requiring no access code to access those IXCs' services. End users are not required to choose the same IXC for intraLATA and interLATA toll presubscription. Other nonpresubscribed IXCs are accessed by dialing 10XXX, 101XXXX, or other required codes.
 - Choosing no carrier as a primary carrier, thus requiring 10XXX or 101XXXX code dialing to access all IXCs.

SECTION 5 – MISCELLANEOUS SERVICES AND RATES (Cont'd)

5.9 Toll Presubscription (Cont'd)

C. Presubscription Charge Application (Cont'd)

2. If a new customer cannot decide upon presubscription IXCs, the Telephone Company may extend a 30-day period following completion of the initial service request to make a choice without charge. In the interim, the customer will be assigned as a “No-PIC” and must dial an access code to make toll calls.

3. If an IXC elects to discontinue Feature Group, the IXC is obligation to contact, in writing, all end users who have selected the canceling IXC as their preferred toll provider. The IXC must inform the end users that it is canceling its Feature Group D Service, request that the end user select a new IXC, and state that the canceling IXC will pay the PIC change charge as provided herein. The IXC must provide written notification to the Telephone Company that this activity has taken place.

Following the IXC’s discontinuance of service, the Telephone Company will bill the canceling IXC the change charge for each end user that is currently designated to the IXC at the time of discontinuance.

4. An unauthorized PIC change is a change in the presubscribed IXC that the end user denies authorizing. PIC disputes for end users are resolved through an investigative process.

If an unauthorized change in toll presubscription occurs, the IXC making the unauthorized change will be assessed a charge for unauthorized change in presubscription as provided herein. In addition, the IXC will be assessed the applicable charge for returning the end user to the preferred IXC.

If an unauthorized change in intraLATA and interLATA presubscription occurs at the same time, on the same Business/Residence line, and the presubscribed IXC is the same carrier for intraLATA and interLATA, presubscription change charges as provided herein and the Telephone Company’s corresponding F.C.C. Access Tariff apply. In addition, the IXC will be assessed the applicable charges for returning the end user to the preferred IXC as herein and in the Telephone Company’s corresponding F.C.C. Tariff.

SECTION 5 –MISCELLANEOUS SERVICES AND RATES (Cont'd)

5.9 Toll Presubscription (Cont'd)

D. End User Charge Discrepancy

1. When a discrepancy is determined regarding an end user's designation of a presubscription IXC, the following applies depending upon the situation described:

- A signed letter of authorization takes precedence over any order other than subsequent, direct customer contact with the Telephone Company.
- When two or more orders are received for an end user line generated by telemarketing, the date field on the mechanized record used to transmit PIC change information will be used as the PIC authorization date. The order with the latest application date/time determines customer choice.
- If an end user denies requesting a change in toll presubscription as submitted by an IXC, and the IXC is unable to produce a letter of authorization, signed by the end user, the IXC will be assessed all applicable change charges. The nonrecurring change charges are provided herein. The IXC will also be assessed the presubscription change charge as specified herein, which was previously billed to the end user.

2. Verification of Orders for Telemarketing

Neither the IXC or the Telephone Company shall submit a PIC change order generated by outbound telemarketing unless and until the order has first been confirmed in accordance with the F.C.C.'s current anti-slamming practices and procedures.

SECTION 5 –MISCELLANEOUS SERVICES AND RATES (Cont'd)

5.9 Toll Presubscription (Cont'd)

E. PIC Switchback Option-Business/Residence

PIC Switchback is an option under which no investigation activities are performed by the Telephone Company when an end user denies requesting a change in primary toll carrier submitted by the IXCs. The IXC participating in PIC Switchback will be billed the PIC Switchback Charge, and the presubscription change charge, as specified herein, to switch the end user to the end user's previous carrier.

When the Telephone Company is contacted by an end user who denies requesting a change in primary toll carrier, the end user will be credited the charge assessed for the disputed change in carrier, and will be switched back to the previous IXC at no charge. If this service is made available by the Telephone Company, IXCs may subscribe to or cancel PIC Switchback Service on 30 days' notice to the Telephone Company by submitting a written request. A letter of authorization from the IXC will not be requested or accepted at a later date in the event of dispute of the charges assessed under the PIC Switchback option.

This option in no way relieves an IXC of the F.C.C. requirements for verifying all PIC orders obtained by outbound telemarketing prior to submitting those orders, or instituting steps to obtain verification of orders submitted to the Telephone Company.

In addition, the end user has the option of initiating a complaint to the F.C.C. or the Pennsylvania Public Utility Commission's Bureau of Consumer Services concerning unauthorized changes in toll presubscription.

SECTION 6 - SERVICE DESCRIPTIONS AND RATES

6.1 DS-1 Service

6.1.1 General

- (A) DS-1 Service is furnished for Private Line IntraLATA Communications by the Company.
- (B) DS-1 Service is a service for the transmission of digital signals only and uses on digital transmission of facilities.
- (C) DS-1 Service provides for the simultaneous two-way transmission of isochronous digital signals at DS1 speeds of 1.544 mbps, where facilities are available.
- (D) To ensure satisfactory operation, the terminal equipment provided by the Customer must be compatible with the DS1/1.544 Mbps channel facility provided by the Company.
- (E) The rates specified for DS-1 Service in Section 6.1.3 following, contemplate the provision of a digital quality facility over existing interoffice carrier equipment and/or exchange cable facilities compatible with this service. If such equipment, new facilities or changes to existing facilities are required for the provision of this service, a special construction charge based on the cost incurred to make the changes will apply in addition to the rates for DS-1 Service.

6.1 DS-1 Service (Cont'd)

6.1.2 Regulations

A. Description of Service

- (1) DS-1 Service is furnished for the simultaneous two-way transmission of serial, Bipolar, Return-to-Zero (BPRS) isochronous digital signals, except where intentional bipolar violations are introduced by Bipolar with 8 Zero Substitution (B8ZS) format, at a speed of DS1/1.544 Mbps between two points located within a LATA.
- (2) Multipoint service is not available.
- (3) DS-1 Service is available on a month-to-month basis, under variable rate periods, and also subject to an ICB in accordance with Section 6.1.4.
- (4) Connection of DS1/1.544 Mbps communications systems provided by others may be made on a permissive basis; the Company does not represent its Ds-1 Service as adapted for such connections, and shall not be responsible for the through transmission of signals, or the quality of such transmission on such connections.
- (5) A Channel Service Unit (CSU) or appropriate Termination Equipment (TE) provided by the Customer is required at a Customer's or authorized user's premises to perform such functions as:
 - proper termination of the service
 - amplification
 - signal shaping
 - remote loop-back.

(B) Definitions

Channel Service Unit

The term “Channel Service Unit” (CSU) denotes equipment provided by the Customer to terminate a digital facility on the Customer’s or user’s premises.

DS-1

This denotes a channel service expressed in terms of its digitally encoded data bit rate in accordance with the North American hierarchy of digital signal levels. It has a 1.544 Mbps transmission data rate, and provides for the two-way simultaneous transmission of isochronous timed, Bipolar Return-to-Zero (BPRS) bit stream format except where intentional bipolar violations are introduced by Bipolar with 8 Zero Substitution (B8ZS) format. Unframed signal formats are not permitted or compatible with Company equipment.

Digital Local Channel

The term “Digital Local Channel” denotes a path for DS-1 Service furnished from the demarcation point on a Customer’s premises to their Serving Wire Center.

Interoffice Channel

The term “interoffice channel” denotes a path (or paths) for digital transmission between Company Serving Wire Centers within a LATA. An interoffice channel may be furnished in such manner as the Company may elect.

(1) Customer-Provided Terminal Equipment, Customer-Provided Derivation Equipment and Customer-Provided Communications Systems may be connected to DS-1 Service when such connection is made in accordance with the provision specified in 2., 3. and 4., following.

(2) Responsibility of the Company

a. The responsibility of the Company shall be limited to the furnishing and maintenance of DS-1 Service to a network interface on the Customer's premises where provision is made for the connection of local services.

b. The Company shall not be responsible for installation, operation, or maintenance of any terminal equipment or communications systems provided by a Customer. DS-1 Service is not represented as adapted for the use of such equipment or system. Where such equipment or system is connected to Company facilities the responsibility of the Company shall be limited to the furnishing of facilities suitable for DS-1 Service and to the maintenance and operation in a manner proper for such digital service. The Company shall not be responsible for:

- the through transmission of signals generated by such equipment or system, or for the quality of, or defects in, such transmission or

- the reception of signals by such equipment or communications systems, or

- damage to terminal equipment or communications systems provided by a Customer or authorized user due to testing.

This will allow a Customer to transport an all zero octet over a DS-1 Service channel providing an available combined maximum 1.536 Mbps data rate. This arrangement requires the Customer signal at the channel interface to confirm to Bipolar with 8 Zero Substitution (B8ZS) line code as described in Technical Reference 73525.
- b. CCC is provided on DS-1 Service channels between two Customer designated premises, from a Customer premises to their Serving Wire Center or Node Central Office and/or to a remote Service Wire Center or Node Central Office, and from a Central Office to a Central Office, and is subject to the availability of facilities. This optional feature may be ordered at the same time the DS-1 Service channel is ordered, or it may be ordered as an additional feature of an existing DS-1 Service channel.
- c. When providing CCC via a DS3/44.736 Mbps High Capacity channel, that DS3 channel must be designated, in Company records, as having Clear Channel Capability prior to the provisioning of a DS1/1.544 Mbps High Capacity channel with CCC. Customer must agree to out-of-service periods required to add this feature to an existing DS-1 Service channel to be optioned for B8ZS.

- (3) Non-recurring charges and charges based on actual usage are billed monthly and monthly service charges are billed in advance.
- (4) Billing is payable upon receipt and past due thirty (30) days after issuance and posting of invoice. Business Customers' bills not paid within thirty-one (31) days after the date of posting are subject to a 1.5 percent late payment charge for the unpaid balance. For purposes of Customer's who pay by mail, the date of the postmark will be considered the date of payment.
- (5) A Customer will not be liable for any late payment charge applicable to a disputed portion of that Customer's bill, so long as the Customer pays the undisputed portion of the bill and enters into bona fide negotiations to resolve the dispute on a timely basis
- (6) In order to ensure payment of its charges for Service or for loss of or damage to Company property, Company may require Applicants and Customers to establish and maintain credit. The establishment or re-establishment of credit as provided in this Section does not relieve an applicant or Customer from compliance with other provisions of this Tariff as to the payment of bills and in no way modifies the Sections regarding disconnection and termination of Service for failure to pay bills due for Service furnished.
- (7) Company may discontinue Business Service without liability upon five (5) days written notice to the Customer via first-class mail prior to discontinuance of Service

- (A) In lieu of the rates otherwise set forth in this tariff, rates and charges, including minimum usage, installation, special construction and recurring charges for Carrier's services may be established at negotiated rates on an ICB, taking into account the nature of the facilities and services, the costs of construction and operation, the volume of traffic, the length of service commitment by the Customer, and use of facilities by other Customers. Such arrangements shall be considered Special Pricing Arrangements, the terms of which will be set forth in individual Customer contracts. However, unless otherwise specified, the terms, conditions, obligations and regulations set forth in this tariff shall be incorporated into, and become part of, said contract, and shall be binding on Carrier and Customers. Specialized rates or charges will be made available to similarly situated Customers on a non-discriminatory basis. Company will provide notice to the Commission for all Special Pricing Arrangements, including ICB.

- (B) In addition to any rate or charge established by the Carrier, the Customer will also be responsible for any recurring or non-recurring charges imposed by local exchange telephone companies incurred by or on behalf of the Customer in establishing and maintaining service. SECTION 6 - SERVICE DESCRIPTIONS AND RATES (Cont'd)**6.2 DS-1/DS-3 Channel Service****6.2.1 General**

- (A) DS-1/DS-2 Channel Service is an intraLATA fiber optic based, digital service which provides channelization capability for the Customer in the Company's central office. DS-1/DS-3 Channel Service is provided in packages based on systems with DS3 (44.736 Mbps) and DS-1 (1.544 Mbps). It will provide local channels and/or interoffice channels for exchange network access. Foreign Exchange, 1.544 Mbps, and 44.736 Mbps data rates.
- (B) Channelization is provided by DS-1/DS-3 Channel Service Option 1 and 2 Systems and D type channel banks which are offered in various system capacities. DS-1/DS-3 Channel Service Option 1 and 2 Systems furnish fiber optic transport from the central office to a Customer's premises featuring digital 1.544 Mbps (DS1) and/or 44.736 Mbps (DS3) channels as appropriate. The Customer may channelize all or part of a DS-1/DS-3 Channel Service package to activate data facilities for interconnection with the exchange network and data facilities for private line channels, as well as other DS-1/DS-3 Channel Services. The Customer may also choose not to channelize all or part of a DS-1/DS-3 Channel Service package allowing direct connection to other DS3 or DS1 services as provided in this Tariff.
- (C) This service is available within a LATA where appropriate digital facilities can be made available as determined by the Company. Service inquiries will be necessary to determine availability interval.
- (D) All DS-1/DS-3 Channel Services in a Customer's package must be channelized in a single equipment location on a Customer's premises, i.e., a package cannot be split between premises, or multiple locations within a premises. Standard network interfaces will be provided by the Company for analog and digital services consistent with existing practices for single channel services.

SECTION 6 - SERVICE DESCRIPTIONS AND RATES (Cont'd)**6.2 DS-1/DS-3 Channel Service (Cont'd)****6.2.1 General (Cont'd)**

- (E) Individual channels within a DS-1/DS-3 Channel Service package may be connected with service offered in other sections of this Tariff and the General Subscriber Service Tariff as appropriate. The regulations, rates and charges in this Tariff are applicable for the DS-1/DS-3 Channel Service component of the Customer's end-to-end service. Single channel service components (non-DS-1/DS-3 Service links) are subject to the regulations, rates and charges in their respective tariff sections.
- (F) The Customer may activate any number or combination of channels within a DS-1/DS-3 Channel Service package within the limitations set forth in Section 6.2.1.G following. Channels may be activated coincident with installation or at any time subsequent to basic system installation. Once activated, a channel is subject to a minimum service period in accordance with the contract period. Features (channels) activated under month-to-month rates will have a minimum service period of one month.
- (G) Additionally, there are some necessary restrictions in total system capacities where certain types of channel services are channelized. The Company will notify the Customer when a system's capacity is affected.
- (H) When the Company provides Customer premises DS-1/DS-3 Channel Service channelization down to a DS1 data rate level it is not necessary for the Customer to provide Channel Service Units (CSU) for associated 1.544 Mbps channels.
- (I) The termination of channelization equipment will be in a single equipment location on a Customer's premises. The Customer must provide suitable floor space, controlled environment, and a source of non-switched 120-volt, 60 HzAC power to support this service. Emergency backup power capability is also available at extra charge on an individual case basis.

6.2 DS-1/DS-3 Channel Service (Cont'd)

6.2.1 General (Cont'd)

(J) Channelization of DS3 (electrical) data rates on a Customer's premises may also be provided by the Customer. Joint provisioning of channelized services introduces joint responsibilities between the Customer and the Company.

(1) Responsibilities of the Company

- a. The Company will endeavor to activate its portion of joint service in a timely manner on the negotiated date to support installation requirements.
- b. The Company will provide the Customer with information regarding the type and the manufacturer of central office (CO) channelization equipment to be used in each application.
- c. The Company will limit its selection of central office equipment to avoid operational and administrative difficulties associated with a multi-vendor central office environment.
- d. The Company reserves the right to change its equipment vendors should equipment availability, price or technological advantages make such a change attractive or necessary.
- e. The Company will notify the Customer, generally a minimum of six months in advance, of any need to change its central office equipment to allow the Customer sufficient time to respond, make any necessary changes, and schedule cooperative testing for cutover if required.
- f. Digital synchronization timing for DS-1/DS-3 Channel Services will be provided by the Company.

(2) Responsibilities of the Customer

- a. The Customer must be prepared to activate his portion of joint service in a timely manner on the negotiated date, providing testing equipment and personnel to support installation requirements, as may be necessary.
- b. The Customer will be responsible for selecting his own equipment. Customer equipment must be compatible with the Company provided channelization at the central office.
- c. The Customer must provide suitable power for his own equipment. Simplex powering will not be provided by the Company for a Customer's channel service units due to the serving arrangements associated with fiber optic facilities.

(3) Trouble Resolutions

The Company will assist the Customer in resolving any installation or day to day channel service problems. However, the Company does not assume responsibility for the compatibility or suitability of the Customer's equipment. Dispatches to Customer premises caused by Customer equipment troubles will result in Trouble Location Charges to the Customer.

SECTION 6 - SERVICE DESCRIPTIONS AND RATES (Cont'd)

6.2 DS-1/DS-3 Channel Service (Cont'd)

6.2.1 General (Cont'd)

- (K) Channelized DS1 service is available only with D4 channel bank equipment or compatible equipment.
- (L) Emerging technology, such as low bit rate voice multiplexing techniques may permit additional quantities of individual channels to be channelized on a single DS1 signal. Equipment providing this capability does not generally assure compatibility between different manufacturers. Some equipment may not be suitable for data transmission or tandem network line application. Rates, charges and availability of this equipment will be negotiated with the Customer on an individual case basis.

6.2.2 Application of Rates

- (A) Monthly rates and charges as specified in Section 6.2.4 following apply for each DS-1/DS-3 Channel Service according to the number of voice grade equivalent channel services capacity in each package. These rates apply per package regardless of the number of circuit equivalents within each package that are actually activated by the Customer at a point in time.
- (B) Exchange network access is provided for channels within each DS-1/DS-3 Channel Service package at the monthly recurring rates as specified in Section 6.2.4 following and apply for each channel within a package that is activated.

SECTION 6 - SERVICE DESCRIPTIONS AND RATES (Cont'd)

6.2 DS-1/DS-3 Channel Service (Cont'd)

6.2.2 Application of Rates (Cont'd)

- (C) Rates and Charges specified in other tariff sections for services are in addition to the monthly rate for DS-1/DS-3 Channel Services. Also, the rates and charges for other services that may be interconnected or extended beyond the basic DS-1/DS-3 Channel Service, such as off-premises stations, tie lines, private lines, etc., are in addition to the rates specified in this Tariff for those portions of the channel services necessary to provide end-to end service. Rates for single DS1/1.544 Mbps channels used to extend DS-1/DS-3 Channel Services when used as part of the same communications system, will be as otherwise specified in Section 6 of this Tariff.

- (D) DS-1/DS-3 Channel Service Option 1 or 2 Systems are available under contract only for variable rate periods except as modified below. Contract rate increases are subject to the stipulations of F. following. All elements of a contract will expire at the same time (be coterminous).
 - (1) DS-1/DS-3 Channel Service Option 1 or 2 Systems are available only under contract as specified preceding.
 - (2) Channelized DS1/1.544 Mbps channels and Sub-DS1 Feature Activations are available under contract or on a month-to-month basis as the Customer's option.
 - (3) Individual exchange network access and private line channel services that are connected to DS-1/DS-3 Channel Service are not offered under DS-1/DS-3 Channel Service master contract provisions. They are subject to their standard tariff provisions as appropriate.

COMPETITIVE LOCAL EXCHANGE SERVICE

SECTION 6 - SERVICE DESCRIPTIONS AND RATES (Cont'd)**6.2 DS-1/DS-3 Channel Service (Cont'd)****6.2.2 Application of Rates (Cont'd)**

- (E) DS-1/DS-3 Channel Service rates under contract will not be increased by Company initiative until the contract period expires. Those monthly rates for DS-1/DS-3 Channel Service Option 1 or 2 System, Channelization Capacity, facility mileage, and Feature Activation in effect at the time the service is installed and/or as of the service order application date, will be applicable until the contract expires. At the expiration date of the Customer's payment period option, the Customer may select a new payment period option at current contract rates or revert to current rates on a month-to-month basis.
- (F) A Termination Liability Charge is applicable at the date of termination. The applicable charge is dependent on the contract period subscribed to and will be equal to the number of months remaining in the contract times the monthly rates for the DS-1 or DS-3 Channel Service Option 1 or 2 service System, Channelization Capacity, facility mileage, and Feature Activation which are provided under contract, and are subject to the exemptions of F.1. and 2. following.
- (1) No Termination Liability Charge will be applicable for the DS-1/DS-3 Channel Service Option 1 or 2 System or Channelization Capacity when the Customer renegotiates a new contract for the same system at the same location(s) for a period of time greater than the time remaining on the existing contract.
- (2) The Termination Liability Charge basis for Feature Activation (central office specific channel services plug-in equipment) will be 50 percent of the total monthly rate for the activated features (specific channel units) under contract which are being disconnected. All features activated under contract are coterminous with the basic system with which they are associated. Any features subscribed to on a month-to-month basis have a minimum service period of one month and no associated Termination Liability Charge.
- (G) Transfer of service responsibility between Customers is permitted subject to payment of a Transfer Charge as specified in Section 6.2.4.C.

6.2 DS-1/DS-3 Channel Service (Cont'd)

6.2.3 Digital Architecture and Definitions

(A) Digital Architecture

- (1) DS-1/DS-3 Channel Services differ in provisioning method and numbering format from single channel services. These services will be available from the Company on a link (partial channel) basis rather than as an end-to-end service. This architecture is intended to promote more efficient connectivity of analog and digital networks in the future.

Many DS-1/DS-3 Channel Service channels will be available on a digital basis at the network interface on a Customer's premises. Both the Company and the Customer have joint responsibilities to ensure the proper transmission of the provided services. Normal analog channel network interface specifications will be superseded by the electrical specifications of the 1.544 Mbps (DS1) channel which is actually terminated. Each DS0 channel provided will have identity only as a "time slot" within a DS1 channel. Compatible digital to analog conversion equipment must be provided by the Customer to derive the desired analog services. Any Channel Service Units (CSUs) necessary for digital services are the responsibility of the Customer.

(B) Definitions

Channel Service Unit (CSU)

This denotes network channel terminating equipment provided by the Customer to terminate digital channel facilities on a Customer's or user's premises.

DS-0

This denotes a channel service expressed in terms of its digitally encoded data bit rate in accordance with the North American hierarchy of digital signal levels. It is generally referred to as having a 64 kbps transmission data rate signal

6.2 DS-1/DS-3 Channel Service (Cont'd)

6.2.3 Digital Architecture and Definitions (Cont'd)

(B) Definitions (Cont'd)

DS-1

This denotes a channel service expressed in terms of its digitally encoded data bit rate in accordance with the North American hierarchy of digital signal levels. It has a 1.544 Mbps transmission data rate, and provides for the two-way simultaneous transmission of isochronous timed, Bipolar Return-to-Zero (BPRZ) bit stream format, except where intentional bipolar violations are introduced by Bipolar with 8 Zero Substitution (B8ZS) format. Unframed signal formats are not permitted or compatible with Company equipment.

DS-3

This denotes a channel service expressed in terms of its digitally encoded data bit rate in accordance with the North American hierarchy of digital signal levels. It has a 44.736 Mbps transmission data rate, and provides for two-way simultaneous transmission of randomized Non-Return-to-Zero (NRZ) signals with a B3ZS format

DS-1/DS-3 Channel Service Option 1

This service provides extended service capability of DS3 data rates to the Customer, or multiplexed DS1 channels based upon configurations desired. The total capacity to be provided is a single 44.736 Mbps transmission rate. This offering is intended to be a flexible, link connectable transport service for large Customers with the capability of connecting with individual exchange and private line services, DS-1 Service, and/or other DS-1/DS-3 Channel Services.

DS-1/DS-3 Channel Service Option 2

This service provides extended service capability of multiples of DS3 data rates to the Customer. Essentially, it provides three times the potential capacity of DS-1/DS-3 Channel Service Option 1. The associated channelization equipment will permit combinations of DS3 and DS1 services in a flexible building block structure. This service will also permit different levels of automatic protection switching capability dependent on Customer desires. This offering is intended to be a very flexible, link connectable transport service for the very large Customer. It has the capability of connecting with individual exchange and private line services, DS-1 Service and/or other DS-1/DS-3 Channel Services.

1 DS3 capability is provided where the Customer does not desire channelization to DS1 or DS0 channel levels. This interface should not be provided where DS1 and DS0 level signals are provided at that system's termination point. However, if a DS3 signal is extended from the DS-1/DS-3 Channel Service Option 1 System serving central office to a remote central office, a DS3/DS1 multiplexer may be ordered at the remote CO by a Customer to derive DS1 channel levels at rates contained in 2. following.

2 DS1 capability is only available in groups of 4 DS1s. When existing DS1 capacity is exhausted, the Customer must request additional DS1 service in groups of 4 DS1 channels.
